Utah Declared in a State of Rebellion.

The St. Louis Republican brings us news from the Utah expedition to the 1st of December, at which time the troops were all safe in comfortable winter quarters on Black's Fork, a mile and a quarter above Fort Bridgcr, as heretofore stated. The only additional matters of interest are the subjoined letter of Gov. Cumming to young oysters from the hard and transplanting them in Ex-Gov. Young, and also his proclamation on entering the Territory, and declaring Utah in a state of rebellion : GREEN RIVER COUNTY, NEAR FORT BRIDGER, UTAH TERRITORY, Nov. 21st, 1857.

To the People of Utah Territory: On the 11th of June, 1857, the President appointed me to preside over the Executive Department of this Territory. I arrived at this point on the 17th of this month, and shall probably be detained some time, in consequence of the loss of animals during the recent snow storms. I will proceed at this point to make the preliminary arrangements for the temporary organization of the Territorial government.

Many treasonable acts of violence having recently been committed by lawless individuals, supposed to have been countenanced by the late executive, such persons are in a state of rebellion; proceedings will be instituted against them in a court organized by Chief Justice Eckles, held in this county, which will supersede the need all over the West as far as Nebraska Territory. From the Washington Union. The Present Condition of Mexico.

The intelligence by mail, received at New Orleans by the last arrival from Vera Cruz, fully sustains the telegraphic announcement of the unhappy and distracted ondition of Mexico. Instead of prevalence of quiet as a consequence of Comonfort's coup d'etat of December, general dissatisfaction seems to prevail outside of the limits of the city of Mexico, and several States are pre paring to wage war against the destroyer of the constitution. They appeal, finally, " to the governors and legislatures of the republic to remain faithful to their promises and to the welfare of the nation, to repudiate the revolutionary plan proclaimed at Tacubaya, and to lend the forces of their several States for the preservation of constitutional order."
